

## PWDCA Register of Merit Program

The PWDCA Register of Merit (ROM) program is an acknowledgment of outstanding working ability and versatility in the Portuguese Water Dog. It consists of four levels: the first level is the Bronze Register of Merit (BROM); the second level is the Silver Register of Merit (SROM); the third level is the Gold Register of Merit (GROM); the fourth level is the Platinum Register of Merit (PROM).

### Award Requirements

**BROM:** To be eligible for the Bronze Register of Merit, a dog must have four titles from at least three different areas of competition.

**SROM:** The Silver Register of Merit expands on the degree with which the working dog must perform. To be eligible for the Silver Register of Merit, a dog must have five titles from at least three different areas of competition. One of these must be either a PWDCA water title or an award.

**GROM:** The Gold Register of Merit expands on the degree with which the working dog must perform, as well as allows honors to be recognized for an outstanding single accomplishment(s). To be eligible for the Gold Register of Merit, a dog must have earned at least six titles/awards from at least three different areas of competition.

The required six titles must meet the following criteria:

1. Two of the dog's titles must be PWDCA titles (e.g., AWD and WWD).
2. The dog must have earned an award, OR have earned a title from a fourth area of competition.
3. A minimum of two advanced titles are required (the WWD counts as one of these).
4. There must be either one additional advanced title, an award, or an additional advanced PWDCA water title.

**PROM:** The Platinum Register of Merit recognizes the truly versatile dog. To be eligible for the Platinum Register of Merit, a dog must have earned at least ten titles/awards from five different areas of competition: four of which must be PWDCA water titles (e.g., CWDX), and two of which must be awards.

**Equivalent –Titles**

Except for water titles, titles qualifying towards a ROM award are American Kennel Club (AKC) and Canadian Kennel Club (CKC). Equivalent titles awarded by those registries will both count towards the ROM award (e.g., an AKC CD and a CKC CD are considered two titles, although from one area of competition).

PWDCC water titles earned under equivalent rules and judging criteria are considered equivalent to PWDCA water titles. Titles from *either* PWDCA or PWDCC may be used- not both for the same level of competition.

**Non-Eligible Titles and Awards:** Rally, Scent Work, lure coursing, herding, flyball, CGC (Canine Good Citizen), Therapy Dog, PWDCA Producer of Merit awards, free-style, temperament test certifications and any other title or award not specifically listed in the Title or Awards sections above do NOT count towards ROM awards.

**Accepted Registries for Titles:** PWDCA, American Kennel Club (AKC) and Canadian Kennel Club (CKC).

**Accepted Registries for Awards:** American Kennel Club (AKC) and PWDCA awards will be accepted towards a ROM award. Only those awards listed above will be recognized (A-R).

### **General Requirements**

1. Dogs applying to receive any level ROM award must have all current health data/test results on record in the on-line PWDCA Health and Litter Database. If the dog has not been health tested in one or more areas, not tested must be noted for those health tests.
2. It is the sole responsibility of the ROM award recipient to provide the ROM Administrator all information necessary to verify a ROM award following the steps listed here and on the ROM Application.
3. ROM awards may not be used in advertising until the ROM award recipient has been notified in writing by the Awards Committee that their dog has met the requirements for the ROM award. (A ROM award cannot be advertised as "pending notification.")
4. All required information must be submitted to the ROM Administrator by the published date due for that year, usually 45 days prior to a National Specialty, in order to receive the ROM award at that year's Specialty. It is the responsibility of the ROM award recipient to ensure that there is adequate time for the ROM Administrator to verify all information; otherwise, a ROM award may be postponed until the following National Specialty.
5. In the event that a National Specialty is not held during a calendar year, then the Awards Committee will mail the ROM award to the recipient. Any recipient not attending the Awards Banquet will have their ROM award mailed to them within 30 days after the banquet.
6. Dogs must be owned or co-owned by a PWDCA member in good standing at the time that it earns the final title that qualifies the dog for a ROM award.
7. In the event that a dog who has received a ROM award is later stripped of a title (by the awarding registry), or it is discovered that incorrect or falsified documentation was provided to the Awards Committee, the Awards Committee and/or PWDCA Board of Directors retains the right to revoke a ROM award. Any dog/recipient that has a ROM award revoked shall be listed in two future PWDCA club publications.

### **Award Procedure**

1. The ROM applicant completes the Awards Application Form and emails (preferred) or mails to the ROM Administrator along with all relevant supporting documents and photo. Include an email address for communications with the ROM Administrator related to the application. **Incomplete applications will be returned.**

2. Submit the application with all necessary **title/award documentation**. For proof of titles, sign into the Members Only section of PWDCA.org and go to <http://www.pwdca.org/titles-awards> to access the titles databases. For any qualifying title that is listed in the AKC or PWDCA water title databases, no additional documentation is required. For each title, check the box in the application to indicate whether the title is listed in the PWDCA.org title databases.
3. For awards or titles not listed on the PWDCA website, you must provide supporting documentation for the title or award. The free AKC report is accepted for all AKC title documentation, or you may submit copies of the **highest** level title certificate from each venue of competition.
4. A high resolution photo of the dog or dog/handler team must be included with the application for use in the awards banquet program. Photos may be scanned and emailed (preferred) or mailed. Original photos will be returned.
5. It is preferable that all supporting documents, application, and photo be sent to the ROM Administrator in one email, with your dog's call name listed in the subject of the email (e.g. Fido BROM), or all together in a single envelope if submitting by mail. If it is not possible to send all documentation in one email, please contact the ROM Administrator.
6. All information in the PWD Health and Litter database must be updated annually in the year that your dog is receiving the ROM, whether there are changes or not. Go to the Update Health information screen, scroll to the bottom and check No Changes or Additions if there are no changes or additions.
7. The ROM Administrator verifies applicant's PWDCA membership, dog's current health data on record in the PWD Health and Litter Database, and the application documentation. The applicant will be notified if additional information is required or if there is a problem with the application. The ROM award designation may be used in advertising upon recipient's receipt of written confirmation of the ROM award from the ROM Administrator.
8. If sending application through the postal service or other carrier, do not send via certified mail or "signature required."
